

New Hampshire Homeschool Portfolio Checklist

Work down this list once a term and the annual review stops being an event.

Student: _____

School year: _____

- ☐ **A dated log of educational activities**
What you covered and which subject it served, written as you go. Reconstructing a year of this in the week before a review is the single most common portfolio scramble.
- ☐ **A reading list, by title**
Every book and material named. This is the piece families most often rebuild from memory, and the piece a reviewer can check fastest.
- ☐ **Samples of your student's work**
Writings, worksheets, workbooks, and creative work. A few pieces per subject spread across the year reads as evidence; a stack from one good week does not.
- ☐ **The assessment or evaluation record**
New Hampshire lets you choose between testing, a portfolio review, and an evaluation. Keep the result filed with the portfolio rather than loose, since the two get asked for together.
- ☐ **A copy of anything you filed**
Your notice of intent and any correspondence with the district, dated. If a question ever comes up, dated proof that you filed on time closes it.

What New Hampshire requires

Under RSA 193-A, families keep a portfolio containing a reading log and samples of the student's work — writings, worksheets, workbooks, and creative materials — for two years. The portfolio isn't submitted.

Building this by hand every spring? Homeschool Fox keeps your samples, reading list, and hours together as you go. Start free at homeschoolfox.com.
